

**Petition to the Loudoun County School Board and Superintendent Williams
To Designate Tamil a World Language**

We, the undersigned residents of Loudoun County, hereby petition the Loudoun County School Board and Dr. Eric Williams, Superintendent of the Loudoun County Public Schools (LCPS), to join Fairfax County in formally recognizing Tamil as a World Language. It is our request that LCPS offer a way for students, who have successfully tested for fluency in Tamil, to be awarded language credits that count toward LCPS graduation. Additionally, award the seal of bi-literacy on their graduation diploma upon successfully passing the language credit exams.
