

வ.த.மை 2020-21 ஒலியும் ஒளியும் (VTA 2020-21 Music Showcase)

VTA would like to showcase our kids' singing and musical talents through our online platform. So, we bring you the "oliyum oliyum" event where you can submit videos of your kids musical performances.

This event is open to kids of all nilais.

Please strongly encourage your kids to sing songs of Bharathiyar, Bharathidasan, and other non-film folk songs that showcase Tamil culture.

Guidelines for the event:

1. You can submit your entry as a vocal or instrumental performance.
2. **There is no limit on the number of participants. You can perform solo or as a group.** You can combine both singing and playing instruments in your performance or can perform as a band.
3. Please do your best in selecting songs without a religious lean.
4. You can pick a song of your choice that conforms with the guidelines and submit it through google form and get consent from the cultural review committee. **Last date to submit the song for approval is February 21, 2021. Late requests will not be entertained.**
5. **Once the Cultural Committee approves the song, they will send you an email with a link to upload your performance.** Cultural committee might request to change the song if the language content is not appropriate for the audiences.
6. After approval, you can change the song choice once. However, the last date for submission cannot be moved.
7. **Last date for final song submission (.mp4 or .mov formats) is February 28, 2021. Even if the kid's performance is in audio format, it needs to be submitted as a video (just like Tamil Fair videos).**
8. **All vocal performances should only be in Tamil. For instrumental performance, we suggest to choose Tamil songs as much as possible.**
9. **The time allocated per student is 4 minutes.** There would be a grace time of up to 1 minute.
10. We insist that the language content is appropriate for all ages.
11. You can choose to use karaoke or Shruthi Box for your performance.
