

VTA Project Overview

Tamil cultural fair is an opportunity for students to do a group project to learn and understand our culture. Students conduct their research then present their results at the VTA fair. Students have the opportunity to present their Tamil cultural projects to other students, teachers, and families.

1. Every class in the VTA will select one or more topics based on the Tamil illakym, Tamil parambariyam theme. Example: Param Pariya Velayati, Rivers,
2. Room parent and the teacher will split class into groups of 3-5 to learn and research on the chosen topic.
3. The groups will present the work in the form of a trifold or model to present in front of parents and friends.
4. Parents representative will introduce their class and Project followed by kids introduction Should not exceed more than 3 mins.
5. All Projects will be in the hall way and cafeteria at 11.00 am on 21/Jan/2013.
6. Videos must be uploaded in to the below Google form link on or before 12/Jan/2023.

Trifold sample:

Model Sample:

Doing a Tamil fair project involves these four steps:

- ❖ Pick a project idea.
- ❖ Research about the topic
- ❖ Create a **display board or model** that explains what you did, shows your data, and presents your understanding.
- ❖ Practice answering questions and talking about your Tamil fair project so that you are ready to discuss it with the friends and other parents.

Guidelines:

- ❖ **Rules for both projects**
 - **Add Team name**
 - **Add Topic Name**

- Add names of all participants
- Add the level you are in
- Cite every picture you add in captions
- ❖ **If you are doing a trifold:**
 - The Make everything easy to read
 - Organize information effectively
 - Add pictures
 - Don't read off the board
- ❖ **If you are doing a model:**
 - Think creatively, and try to make something that's helps you transfer you research to parents and friends
