

வார்த்தை விளையாட்டு

This is a puzzle game; the students have to find the correct words based on the hints provided. Hints will be in Tamil. To save time, we will read the hints for them. There will be total of 4 Rounds.

Each student will be awarded 150 points at the start of the first round.

There is **NO** elimination in any of the rounds. We want everyone to play all the four rounds. Even if they lose in one round, they will be able to make up in the other round(s). Students with the highest points will be selected as the winners. (**Number of prizes will be decided later**)

Tie-breaker rounds will be conducted as needed, after the 4th round, if two or more students end up on the same points.

- Round 1 is 3 Letter Words - 20 Points
- Round 2 is 4 Letter Words - 30 Points
- Round 3 is 5 Letter Words - 40 Points
- Round 4 is 6 Letter Words - 50 Points

For Rounds 1 and 2, they will be given **one** minute to find the word. If they are unable to find the words, they can get a clue, to display one letter, for which 10 points will be deducted.

- I. **For 3 letter word, we will show the Second letter**
- II. **For 4 letter word, we will show the First letter.**

For Rounds 3 and 4, they will be given **1 1/2** minutes. If they are unable to find the words, they can get a maximum of two clues (up to 2 letters from the words will be displayed). For each clue they will lose 10 points.

- **For first clue, we will show the first letter**
- **For the second clue, we will show the fourth letter from the puzzle.**

Participation is important than winning. So, we encourage all students to participate in this fun game.
